

Custom Air-brush results are completely natural looking on all skin types. We can customize any amount of color from extremely subtle to extremely dark, to achieve the desired results of each individual client. Hands and feet are never an issue with the Custom, and the color is perfectly even.

It will only take one application to reach your desired results with the Custom Airbrush, and the cost per session is \$40 or new clients can buy a package of 3 for \$80.

The morning of your appointment you will want to

- Shower
- Shave using soap and water only (no shaving cream please)
- Exfoliate all dry skin
- And most importantly apply a light moisturizer to your entire body (no products containing a lot of oils or heavy fragrances)
- It is highly recommended that you do not wear any make-up or deodorant, and that you DO NOT use any products made by Aveno the day of your appointment.

You will be airbrushed by a fully trained technician in a private room. You can wear anything you are comfortable in, or you can go nude. Do keep in mind; when deciding what to wear during your appointment; that you will get tan lines and consider if these tan lines will show with whatever you will be wearing over the following week. The majority of women tan topless and wear a bottom. Men are required to wear a bottom.

After your appointment you will need to refrain from showering or getting wet in any way for at least 6-8 hours. Activities to avoid for the first 24 hours include but are not limited to; excessive sweating, rain, getting a manicure, getting a hair cut or color, waxing appointments, massages. Your tan will last for approximately 7-10 days and will fade gradually.

The Mystic Tan can be a little tricky for first time customers. Occasionally for inexperienced customers there will be uneven color on hands and feet. Mystic Tan is a completely private booth, so it is a great option for anyone who is uncomfortable with the idea of having a person airbrush them. With each session clients become better and better at the process and are generally very satisfied with the results.

The cost of the Mystic Tan is \$25 for one session or new clients can buy a package of 3 for \$50.

Preparation the morning of your appointment for the Mystic is the same as the Custom Airbrush. You will be in a private room so it is recommended that you do not wear anything during your session to be sure nothing gets stained or ruined in the process.

After your appointment you will need to refrain from showering or getting wet in any way for at least 4-6 hours. Activities to avoid for the first 24 hours include but are not limited to; excessive sweating, rain, getting a manicure, getting a hair cut or color, waxing appointments, massages. Your tan will last approximately 5-7 days and will fade gradually.

After both the Custom Airbrush and the Mystic Tan it is very important to moisturize your entire body at least once a day. It is also necessary to avoid chlorinated water. Chlorine is a form of bleach and will remove the color of your spray tan. It is suggested to limit exposure to salt water. Salt water is very drying to the skin and dry skin loses its color very quickly. If salt water can not be completely avoided it is recommend that you quickly rinse off the salt and re-moisturize.

If you are considering either of our spray tan services for a special occasion such as a wedding, it is important to time all other beauty appointments as follows:

- Waxing or hair removal must be done at least 24 hours before your tanning appointment.
- Manicures/Pedicures can be done either 24 hours *before* your tanning appointment or 24 hours *after* your tanning appointment, never the same day.
- Hair cuts and/or color must be scheduled at least 24 hours before your tanning appointment.

Following the above guidelines will ensure that your other beauty appointments will not damage or discolor your spray tan.

For additional questions or to schedule an appointment please feel free to call the salon any time during business hours and a technician would be happy to assist you. We do not accept appointments via email. Thank you for your interest!
